

1- Product Category: Path Lights

2- Product Code: PVGA G005

3- Product Pictures:

4- Product Specifications :

High performance led yard light

High-quality LED chips provide 750Lm warm white light and homelike atmosphere. The shading eave prevents the light from spreading horizontally, avoiding light pollution. The fine landscape light can light up your garden, lawn, yard, private lane and walkway at night.

Low voltage outdoor lighting, safety for Children & Pets

ETL-listed power cord, easy to connect, no worrying on fire hazard. Compatible with both DC 12V & 24V low voltage, safe for houses with children/pets.

Perfect outdoor illumination

Integrated LED landscape light with unique and elegant appearance. Frosted plastic lampshade provides well-balanced warm white light, lighting up your yard at night.

Durable & Reliable

Thickened aluminum housing and ground stake with corrosion resistance & heat dissipation. IP65 rating brings better waterproof performance, best choice for outdoor wet locations.

Eco-friendly & Cost-saving:

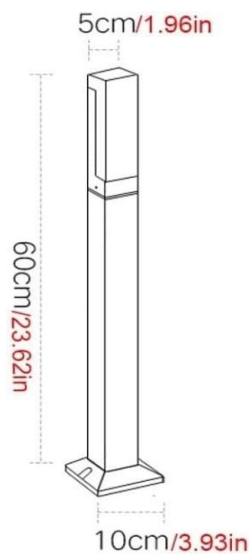

Equal to 18W incandescent light with low consumption, saves over 83% on your electric bill, does not contain mercury, UV or other harmful chemical substances.

Long lifetime & 2-year warranty

50,000 hours long lifespan, effectively reduces the frequency of replacing fixtures. 2-year product warranty and lifetime friendly customer service to guarantee your rights and interests

5- Product Dimension :

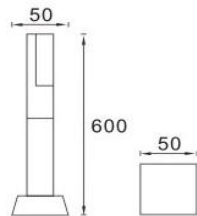

6- Product Installation

Ra: >80 PF: 0.85
 Working temperature: -15°C~50°C

- Aluminum lamp body;
- Acryl see-through cover
- Silicone gasket;
- Powder coating finish.

7- Product Application
