4- Product Specifications :

High performance led yard light

4 pcs of high-quality LED chips provide 120lm warm white light and homelike atmosphere. The shading eave prevents the light spread horizontally, avoiding light pollution obviously. The fine landscape light can light up your garden, lawn, yard, private lane, walkway at night.

Low voltage outdoor lighting, safety for Children & Pets

ETL-listed power cord, easy to connect, no worrying on fire hazard. Compatible with both AC & DC 12-24V low voltage, safe for surrounding children or pets.

Perfect outdoor illumination

Integrated LED landscape light with unique and elegant appearance. Frosted plastic lampshade provides well-balanced warm white light, lighting up your yard at night.

Durable & Reliable

Thickened aluminum housing and ground stake with corrosion resistance & heat dissipation. IP65 rating brings better waterproof performance, best choice for outdoor wet locations.

Eco-friendly & Cost-saving:

Equal to 18W incandescent light with low consumption, saves over 83% on your electric bill, does not contain mercury, UV or other harmful chemical substances.

Long lifetime & 5-year warranty

50,000 hours long lifespan, effectively reduces the frequency of replacing fixtures. 3-year product warranty and lifetime friendly customer service to guarantee your rights and interests

Dimension

Ø77*424 mm

5- Product Features :

Warranty

Halogen Equivalent

Waterproof Rating - IP65

Color Temp. 3000K, 5000K

LUMENS: 120

High Quality & Safety

6- Product Installation

Inner lens for a beautiful soft diffused light pattern, ideal for illuminating and accenting pathways, steps, and gardens.

Cast aluminium constructions is durable and weather resistant.

IP65 rating level, safe from any kind of spoil age due to dust and dirt.

ETL listed for safety, products also meet rigorous standards of electrical safety and electromagnetic emissions tests.

7- Product Application

RUST RESISTING
ALUMINUM HOUSING

IP65 WATERPROOF

-20°C - 60°C
TEMPERATURE RESISTANCE
